Z z Numb. 1194.

# The Daily Courant.

Tueſday, February 12. 1706.

From the Leiden Gazette, dated Feb. 16.

*Saragoſſa*, Jan. 30.

SEveral Places have been retaken from the Rebels of the Kingdom of Valencia; and others have ſubmitted, to ſave themſelves from Fire and Sword, which ſome Places have undergone that have been forc'd by our Troops: They have burnt Villareal, and butcher'd the Inhabitants; and 'tis ſaid they have Orders to do the like wherever they find Oppoſition. But this violent Way of proceeding, may moſt probably incite People to a general Inſerrection: The Marſhal de Theſſe is march'd towards Tortoſa, with a Body of Men of the Auxiliary Troops of France, and 24 pieces of Cannon, to endeavour to retake that Place, or at leaſt to ruine the Stone-bridge there. Some Advices from Madrid ſay, that the King's Journey for Arragon is laid aſide, upon the Advice given him that his preſence will be more neceſſary at Madrid in caſe the Portugueze make an Irruption into Caſtile.

From the Amſterdam Courant, dated Feb. 16.

*Vienna*, Feb. 3. We have Advice, that the Imperialiſts have defeated a Body of Malecontents that were encamp'd near Belinger, and taken that Place; but it requires Confirmation: If it prove true the Communication between Tranſilvania and great Waradin is open'd. On Sunday laſt Count Rechteren, Envoy extraordinary of Holland, ſet out from hence for Tirnau; with a favourable Reſolution from the Emperor, in order to the ſetling of Preliminaries with the Malecontents. After his Excellency has ſtaid a few Days at Tirnau, he will proceed from thence with M. Bruyninx the other Envoy of Holland, for Miſchkotz, whither Prince Ragotski has ſummon'd a great Council. 'Tis talk'd his Imperial Majeſty has offer'd Prince Ragotski an Equivalent in Croatia, for the Lordſhips of Tockay, Mongatz, Potack, Semlin, and other Places of his Patrimony in Hungary, as alſo to confer the Dignity of Palatine of Hungary upon Count Berezeni in the Room of Count Eſterhaſi who will reſign.

From the Harlem Courant, dated February 16.

*Vienna*, Feb. 3. The Militia of Moravia that help'd to relieve Trentſchin, will likewiſe be employ'd with other Troops to ſuccour Leopolſtad which is in great Danger: The Malecontents have block'd up Oedenburg, and will attack it once more, aſſoon as the Artillery they wait for from the Iſland of Schut has joyn'd them. 23000 of the Malecontents have drawn together again in Tranſilvania, and are encamp'd near Mollon.

From the Harlem Courant, dated Feb. 16.

*Landau*, Feb. 8. The French Garriſon in Fort-Louis have twice offer'd to capitulate, but have been refus'd. Proviſions grow daily more and more ſcarce with them. Prince Lewis of Baden has given Order for the making of a Bridge of Boats over the Rhine above Strasburg.

From the Amſterdam Gazette, dated Feb. 16.

The laſt Letters from Saxony, which are dated the 3d of February, contain the following News.

'All the Saxon Troops, and 4000 Muſcovites, 'continue their March towards the Frontier of great 'Poland. They are to paſs in Review the 5th, at 'their Rendezvous in the Neighbourhood of Sorau 'in the lower Luſatia. Reports are various concerning the Route they are to take. Some ſay 'they are to enter the upper Poland at Meſeriz; 'and others that they will paſs through Sileſia, directly to Cracow, into which General Brauſſe has 'put a Garriſon of 3 or 4000 Men that may joyn 'them. The Generals Fleming and Schulenbourg, 'who command this Army, have no doubt receiv'd 'the King of Poland's Order which Way to bend 'their March. In the mean time Men are at work 'Night and Day upon the Preparations neceſſary 'for this Winter-Campaign, which cannot be of 'long Continuance; and all will depend upon what 'ſhall paſs between the 2 Kings on the River Bug. 'The Snow that has fallen theſe 2 Days paſt, incommodes the march of our Army very much. 'On Sunday laſt the Train of Artillery that is to 'attend them was ſent from Dreſden, and conſiſted 'of 38 pieces of Cannon and 13 Mortars, with 'Store of Ammunition and Inſtruments of War. 'Of the Cannon 24 are of a new Invention. Notwithſtanding the Advices from Warſaw make the 'Army of the King of Sweden to conſiſt of 22000 'Men, beſides the Troops of King Staniſlaus and 'of the Houſe of Sapieha, we are well inform'd 'that the Forces of King Auguſtus joyn'd with 'thoſe of the Czar of Muſcovy, are much ſuperior 'to them.

Letters from Warſaw of the 2d of February, ſay they had no News there of the 2 Armies, the Poſt from Tykoczin being wanting.

From the Amſterdam Courant, dated Feb. 18.

*Hanover*, Feb. 12. The Advices from Poland vary extremely; ſome ſay there has been an Action of Importance; but moſt agree, that the Swedes having found King Auguſtus ſo ſtrongly encamp'd that it was not practicable to attack him, are march'd towards Wilna in Lithuania in Order to oblige him to decamp.

From the Amſterdam Gazette, dated Feb. 16.

*Paris*, Feb. 8. The Duke of Vendome is expected at Court in 3 or 4 Days. The King has given the Marſhal de Villeroy a Grant of 100000 Crowns, payable out of the Cuſtoms of Lyons in 6 Years. His Majeſty has given out ſome more Commiſſions for raiſing new Regiments, ſo that now above 20 are given out. The Count de Rouſſi has ſold his Commiſſion of Captain Lieutenant of the Scotch Gens d' Armes to the Count de Uſez, for 155000 Livres. The Chevalier de Maulevirer has ſold his Regiment for 55000 Livres, to M. du Forr. 'Tis talk'd the Governours of the Provinces are to raiſe each a Regiment. M. de Colmenero, the Chevalier de Luxembourg, and M. de Chemeraut are arriv'd from the Army in Lombardy. Meſſire Peter du Cambout de Coiſlin, Cardinal Prieſt, entitul'd of the Trinity in Monte Pincio, great Almoner of France, Biſhop of Orleans, died at Verſailles the 5th Inſtant, in the 70th Year of his Age. He was Doctor of the Sorbonne; was made Canon of the Cathedral Church of Paris in 1647; in 1653 Abbot of St. Victor; and afterwards Abbot of St. Giles des Aubois, St. John d'Amiens, Loupon, St. Peter d' Abbeville,

Abbeville, Notre Dame du Quais, and Prior of Argentuil; in 1665 Bishop of Orleans, then first Almoner to the King; and in 1689 Commander of his Majesty's Orders of Knighthood. He was made Cardinal, upon the King's Nomination in 1697, and great Almoner of France in 1700, in which Year he went to Rome, and was of the Conclave that chose Clement XI. His Office of great Almoner is given to Cardinal Janson, who is to return hither from Rome; whither the Marshal d' Uxelles is nominated by the King to go Ambassador. 'Tis given out, that the Duke of Savoy has no more than 10000 Men regular Troops, but a greater number of Militia; and 'tis said the Duke de la Feuillade will be order'd to lay Siege to Turin, and that the Marshal de Vauban will have the Direction of that Siege.

*Hague*, Feb. 16. 'M. Aveman, the Prince of Saxe-'Gotha's Minister is arriv'd here, and has brought 'the final Consent of the Prince his Master for his 'Troops to march for Italy: Accordingly the Briga-'dier that commands those Troops is come hither 'for Orders which Way to march. A Brother of 'the Prince of Saxe Gotha, is to command these 'Troops in Italy with the Character of Lieutenant 'General. He is a very gallant Man, and serv'd 'lately in Poland under the King of Sweden; but 'came from thence on Account of a Duel with one 'of that King's Favourites whom he worsted. The 'Count de Maffei, Envoy of the Duke of Savoy, 'is arriv'd here, and will proceed about the end of 'this Week to England. The Council of State has 'issued Orders, for the Recruits for Portugal and 'Catalonia to embark in the Texel with... 8 Days.

For the Benefit of Mr. Wilks.

Not acted these Six Years.
